Android Project List

Project Title	Description
Group Expense Management System in Android	An android application for tracking the expense in a group which helps in managing the expenditure during a trip or any other group activity.
Edueasy	Edueasy for the Android makes it easy for teachers and students to stay connected and share information. Use your Android phone to send notes, post replies, and check messages and upcoming events while away from the classroom.
Teachers Tool	Now teachers can manage their students grades directly on their Android device! Key Features: -No need to sync two separate grade books! Use one primary grade book on Google Spreadsheets -Email student grades with the click of a button -Pin-number to protect your grade books if your phone is lost.
Behavior Status	Keep track of child's behavior with this simple app. Great for teachers too. Behavior Status is aimed at Parents and Teachers alike. Use it to record the daily behavior of your child or an entire classroom. Behavior Status is easily recoded using the simple Green/Yellow/Red stoplight mechanism currently employed by many schools, daycares and parents alike. Great for use in teaching kids with Autism or ADD/ADHD. The app also lets you view behavior changes over time on a child by child basis using the color coded calendar view. Use this history information to help encourage good behavior with simple rewards. Recent updates added the ability to store notes as you make status changes and better support for teachers
Giving a normal life- Autism	Giving a normal life is a great visual teaching tool for helping child learn how to navigate challenging locations in the community. Each location contains a photo slideshow of children modeling appropriate behavior. LOCATIONS: - Hairdresser - Mall - Doctor - Playground - Grocery Store - Restaurant
Home work & School Alerts	Get school alerts and classroom homework with this application. Stay connected to your school or your child's school and classes. With this you can: receive school alerts (such as closings, emergencies, back pack notices, announcements, etc.) with real time notifications, view the latest school wide notifications on-demand, view classroom information and homework on-demand, get notifications when teachers update a class page or homework assignment.
Find your Android	Ever lost your phone and you go to call it to listen for the ringer and remember its on silent mode? Now when you lose it you can text your phone with the custom set attention word and it will turn silent mode off, the ringer vol up, and start ringing. You can also text a different attention word and get the GPS location of your phone.
